NAVIGATION
Advance to the next page/screen

NAVIGATION
Drop down menu allows navigation to specific pages as well as help to indicate the current page being viewed

[title: section name]

The image shows a video player interface. On the left is a dark video player with a large white play button in the center. Below the video player is a control bar with a play button, a volume icon, a progress slider, and a full-screen icon. To the right of the video player is a light gray text area containing the word "text". This text area has vertical scroll bars on its right side. At the bottom right of the interface is a page navigation bar with a left arrow, a dropdown menu showing "Page 3: [section name]", and a right arrow.

[title: section name]

The video player interface consists of a dark grey video area on the left and a light grey text area on the right. The video area contains a large white play button in the center. Below the video area is a control bar with a play button, a volume icon, a progress slider, and a full-screen icon. A mouse cursor is pointing at the right edge of the video player. The text area to the right contains the word "text" in a large, bold, grey font. A vertical scrollbar is visible on the right side of the text area.
